DEC - 8 2014

Dear Ms. Davis:

Thank you for the recent letter from Mayor Perry Robinson regarding the Town's concerns with the intersection of Highway 13 and Highway 869. As Minister of Transportation, I am pleased to respond.

With respect to the Council's request regarding signage, I asked staff to review this location. To help ensure signage is highly visible to motorists, my department will install larger signs at this intersection.

In regards to your request for a speed reduction half a kilometre leading up to and away from the intersection from 100 kilometres per hour to 80 kilometres per hour, my department has been monitoring the operation of this intersection and a speed reduction may be a viable solution to increase safety at this junction. I have requested Mr. Bill Heaslip, Operations Manager for Vermilion District, to contact you directly to schedule a meeting to discuss this possible solution. While there are factors to consider in this process, we remain committed to collaborating with the Town to improve Alberta's transportation network.

RE: FIP Regional Governance Study Phase I Budget Approval

Dear FIP Committee,

The Town of Hardisty at their December 9th, 2014 Council Meeting reviewed the meeting highlights brought forward by Deputy Mayor Lefebvre from the December 1st, 2014 FIP Steering Committee Meeting. With the postponement of many items, items being referred back to the CAO Group for further review and recommendation and the lack of a managing partner as of February 28th, 2015:

- Elections for Chair & Vice Chair tabled until a new managing partner is found
- Statement of Revenue & Expenses previous surplus is it "ear tagged"
- 2015 FIP Committee Operating Budget as no managing partner going forward cannot approve
- FIP Protocol for Regional Cooperation being referred back to the CAO Group for further revisions
- FIP Managing Partner and FIP Co-ordinator positions referred back to the CAO Group for further analysis and recommendation

Council has the sentiment that FIP is losing its ability to be a cohesive group with a unified direction. On the outside we are appearing to be a group that wants to work together setting strategic work plans with timelines and projects but when it comes down to engaging these projects we fall short. Projects become an item that only come into play if grant monies are

obtained and then we seem to lose our "steam" once we engage these projects to either see through to their completion or continuing progress.

In review of the "Generative Conversation for Transformational Change" proposition that was brought forward to Council this process is regarded as one that would be extremely beneficial for FIP as a whole to work through. This process may determine whether FIP has the ability to move forward as a regional group with regional initiatives. The Town of Hardisty Council supports the motion of the FIP Steering Committee to advise Volunteer Alberta that we would like to take up their offer in becoming a pilot group and go through the Generative Conversation for Transformational Change workshop process. This initiative may help FIP determine how we can better align initiatives, create collaborations, and focus efforts targeting mutually beneficial rural community and economic capacity building. Leading to growth for all our communities.

Motion #222/14 MOVED by Councillor Lesmeister THAT Council will support the application of Flagstaff Intermunicipal Partnership Committee becoming a pilot group through Alberta Volunteer to participate in the "Generative Conversation for Transformational Change" process/workshop. Once FIP as a whole has gone through this process then the Town of Hardisty will determine whether they are willing to commit financial funding towards completing a Regional Governance Study Phase I. CARRIED

Yours truly,

Sandy Otto

Town of Sedgewick - Council Committee Reports to December 15th, 2014

Mayor Robinson reported attendance to:

Collaborative Meeting (Flagstaff County, Killam and Sedgewick), November 26th, 2014:

In the company of CAO Davis and our entire council save Clr. F. Watkins, I attended the so-called 'Collaborative Meeting' with Flagstaff County and Killam Council. At the meeting I presented concerns we have over Flagstaff's lack of respect and consideration toward Sedgewick in its decision-making process and established that our one goal is to actually HAVE a collaborative relationship with the county.

Unfortunately, this concept seems incomprehensible to the Reeve, Council and Administration of Flagstaff County and we left a list of our "Points of Contention" which we requested them to formally address and respond to us accordingly.

As we had to re-send the list to one of their employees several days later it is clear that none of them even had the decency to retain a copy of our request, which was hand delivered by our CAO to each of their representatives in attendance. Subsequently to that, with the Reeve's inappropriate and premature announcement as to the closing of Flagstaff Lodge in Sedgewick, I hold out absolutely no hope that Sedgewick can have any form of productive relationship with the current Flagstaff Council or Management and am prepared to take whatever legal measures as may be necessary to protect the interests of Sedgewick and its citizenry. I am NOT interested in any further 'discussions' with the County unless the Province, or some other mediator, is involved.

Flagstaff Intermunicipal Partnership (FIP) Meeting, December 1st, 2014:

In the company of CAO Davis, I attended a FIP meeting in Forestburg. On the agenda was election of officers, budgets, protocol for regional cooperation, managing partner, work plan updates and meeting schedule. To make a long story shorter, it was established that it would be inappropriate to assign a new managing partner or elect new officers accordingly because the scope of responsibilities and actual job description is so ill-defined as to preclude any municipality from undertaking the management role without that knowledge. It remains to be established EXACTLY what level of management is required and what level of compensation would be appropriate as a result. This information gathering process was assigned to the CAO's to bring to the next meeting, which will be hosted by Sedgewick on February 2nd, 2014.

It was also established that the 'Protocol for Regional Cooperation' needs to be amended...which I could easily make some ironic comments on but will refrain from doing so as those comments might actually veer into the sharp bite of sarcasm rather than remain warm within the poetic cloak of irony. Also, the 'Work Plan' was updated by removing "Regional Recreation" (for obvious reasons as the County arbitrarily abrogated the process) and the "Waste Management" option which was addressed by FRSWMA itself in recent weeks.

Finally, it was agreed that Phase 1 of "Regional Governance" would proceed regardless of securing funding through the ACP grant. It was moved that we would fund on a per capita basis of equalized assessment failing to secure grant funding up to a cap of \$50,000. It will be up to us as a municipality to continue after Phase 1.

The Village of Forestburg is no longer willing to hold the position of Managing Partner. Once a proper job description is prepared and reviewed the FIP Committee will take the next steps in securing a manager.

Big Knife Villa Expansion Update:

ONPA – PGA presented their initial footprint proposals which I attached to this email. They gave three options, which I will discuss some of the pros & cons of each. We (Bethany, Architects and Engineers) favor Option A the most. We are looking for your input on the Options. We would like to give the architect an answer by Tuesday. If you can please review on the weekend and get back to me Monday, it would be appreciated.

- Option C: Least favorable option
 - o Pros:
 - Central location on site
 - Minimal removal of trees
 - Cons:
 - South wings will lose a lot of light
 - Narrow strip on south side becomes unusable space
 - Difficult to service (water, sewer, etc..)
 - Expensive foundation due to elevation changes
- Option B: Second highest option
 - o Pros:
 - Close access to parking lot
 - Can have a separate entrance (foyer)
 - Excellent light (east-west windows)
 - o Cons:
 - Lose many tress reduces the nice views

Page 3 of 5

Town of Sedgewick - Council Committee Reports to December 15th, 2014

,

- Architects think it will be the most expensive foundation due to elevations
- Servicing invert elevations (height of water and sewer) on the West side of the property are very shallow, this will be difficult to install
- Water & sewer will need to wrap around the existing building expensive install
- Long walk from existing building to addition, residents may feel separated from community
- Option A: Highest rated option
 - o Pros:
 - Cheapest foundation due to elevations, can use a slab on grade
 - Uses the existing green space well
 - Lounge area will have nice light and views
 - Easiest site servicing
 - o Cons:
 - North facing suites may have less desirable view and poor lighting
 - Architect is proposing stepped roofline to accommodate vertical skylight
 - Furthest from parking lot

 - The Hardisty FFCS rep questioned Flagstaff County's decision and sought clarity why funding wasn't distributed to each community to host their own centre. Jenkinson and Albrecht advised that that endeavor would be to costly.
 - Should attendance at Nights Alive decline the programs funding will be reevaluated by Flagstaff County.
 - The health inspector passed there was a recommendation that one bathroom be converted to a kitchen.

Town of Sedgewick - Council Committee Reports to December 15th, 2014 - addition

Clr. E. Skoberg reported attendance to:

Battle River Alliance for Economic Development (BRAED) Meeting, December 4th, 2014

1. Business Walk Program

The Business Walk Program was executed in three BRAED communities: Killam, Camrose, Special Areas #4. The project was based on a Central Okanagan Economic Development Commission initiative that sought to create meaningful connections between business service providers and the local business community. Asking three brief questions;

- How is business?
- What is the best part about doing business in the Region?
- What can be done to help your business thrive?

The Business Walk has been proven as a successful entry point to creating networks. This project will provide a 'pulse' of data to the participating communities, and will also provide action items that both BRAED and the participating communities can work towards.

2. Business Network Group

Based on a recommendation from a Labour Force Forum hosted by BRAED in Camrose last February, BRAED has decided to research, build a business case, and pilot a Business Network Group initiative. The initiative is meant to provide a forum for a variety of industries and businesses to meet, share best practices, advocate for one another, and learn about each other's practices in an informal, but meaningful setting. Developing our first event, to be held on **March 17 in Hardisty.**

They have identified that bringing in a valuable keynote speaker (Corey Poirier), providing opportunities to gain insight, and to build networks on a regional level will be a draw for many businesses in the area.

3. RABC Partnership - Best of Business Series

BRAED provided a \$400.00 sponsorship to RABC – Camrose to assist with the hosting of four sessions under the umbrella of "Best of Business." The sessions included marketing on social media, website building on a budget, accounting for small business, and ask a lawyer, and were well-attended.

4. Podcast/Webinar Series – ACSRC Partnership

BRAED is undertaking (in partnership) a podcast/webinar series with the Alberta Centre for Sustainable Rural Communities. The series is another action item identified in last year's Labour Forum. Thus far, they have completed one of a series of webinars, with the next set to be hosted on **January 12, 2015 from 12PM – 1PM**. Each of the members has been emailed regarding this webinar, and they ask that we forward the invitation to appropriate contacts.

5. EARN Luncheon – Wainwright

Page 1 of 3

Town of Sedgewick - Council Committee Reports to December 15th, 2014 - addition

They provided a \$3,500.00 sponsorship to be the major financial sponsor for the recently passed Wainwright EARN Luncheon. As part of BRAED's sponsorship they received the opportunity to discuss BRAED and what we do. We also received 8 tickets for our Executive to attend, our logos were placed on the marketing materials, and we were mentioned/thanked by Wainwright Economic Development for sponsoring the event.

The event itself brought out over 100 people from Wainwright and area. From business and industry leaders, to municipal officials, BRAED was able to market itself to a number of individuals that are potential stakeholders to our organization.

6. GOA – IAE Conversations

Since last Spring they have been involved with the other 10 REDAs in having frank and meaningful conversations with the Government of Alberta – Innovation & Advanced Education. Their attempts to try to revitalize our relationship were of the upmost importance, with discussions ranging from priority areas, expectations from both Government by the REDAs and REDAs by the Government, funding models, and action items tasked by both GOA and the REDAs. A report was released, and each Executive Director and Chair has been contacted by IAE to begin working on a plan for action.

Included in our priorities were increased and enhanced transparency between Ministries, and increased awareness by Ministries of REDAs, better training and utilization of Government resources by REDAs, and more.

They anticipate much to come of these discussions and look forward to working closely with the GOA.

7. East-South Transportation Coalition

BRAED is a part of an East-South Transportation Coalition that was developed by Calgary Regional Partnership and Palliser Economic Partnership, who each noticed a need that the other could fulfill in regards to transportation and transportation infrastructure. As a group, we are made up of 5 REDAs: BRAED, HUB, PEP, South Grow, ABSW, and have met three times to discuss opportunities to work together to define our goals and begin to make changes to the current system.

We have had Ministers from Transportation, Tourism, IIR, and IAE present in the conversations, and they recognize the importance of our collective voice.

8. Invest in Alberta Publication

An Economic Developer's of Alberta publication, Invest in Alberta provided a space for each Region to be highlighted. This was at no cost to BRAED, as the Regions set out do not follow strictly to the REDA Regions. We received a profile of the "Battle River Region" with various communities being highlighted who paid for ad space, etc. The publication is available by contacting EDA.

Upcoming/Current

Town of Sedgewick Public Works Report – Period Ending December 15th, 2014

An update on public works activities up to December 15th, 2014:

- All Christmas decorations have been refurbished and hung.
- Lights and tree in the park hung and installed.
- Water Loss Update:
 - We spend several days isolating area of town to measure water consumption/use within the Water Treatment Plant (WTP). It appeared that the issue is in Blue Jay Crescent.
 - Canadian Leak Detector came and we found that one of the fire hydrants was broke underground; it had not shut of and froze. Although the water to this hydrant has been shut off there is still a higher than average use of water.
 - We've taken the hydrant apart and Wolsey will be out next week to rebuild it at a cost of \$2,800. There will be a fifteen (15) year warranty.
- Following the major snow fall all the street and alleys were cleaned within four (4) days. R. Schuurman was contracted to help grade at the rec center and West side of town. Two drivers were contracted various times to help pick up snow.
- As we are running out of places to dump snow we will have to dump snow between the ball diamonds. Some member of the ball association expressed their concerns in the past with the stock piling of snow as it did not melt fast enough in the Spring. We will be flattening the snow piles to ensure a quicker melt.
- Vehicle and Heavy Equipment Maintenance:
 - ½ ton serviced batteries replaced;
 - Old gravel truck serviced at RTS power steering and engine oil leaks fixed. Power steering hose and engine oil pan gasket replaced.

Town of Sedgewick - CAO Report – Period Ending December 15th, 2014

CAO Davis reported attended the following meetings since November 20th, 2014 Council meeting: November 21st – CAO Meeting, Hardisty – meeting notes attached.

November 25th – Preliminary Collaborative Meeting – In attendance with Mayor Robinson, Clr.'s Williams, Dame, Rose and Sparrow. The committee of council discussed our approached to the collaborative meeting being held on November 26th with Flagstaff County and the Town of Killam. The committee collectively agreed on the presentation of a letter addressing "Points of Contention".

November 26th – Collaborative Supper Meeting – In attendance with Mayor Robinson, Clr.'s Williams, Dame, Rose, Sparrow and Skoberg.

- Matter of discussion regional recreation, Reeve Kuefler advised that recreation funding would be evaluated annually therefore was unable to guarantee long term funding. He also made mention that organization would have to live up to the County's expectations for the use of the funds. Unfortunately that marked that the funds were unconditional and they were unable to advise what their expectations were.
- Relocation of Nights Alive we expressed our concerns with their lack of consultation. Reeve Kuefler advised that their direction changed and the decision has been made.
- Rural Roads we expressed our concerns regarding the detrimental impacts the rural road plan
 has on the Town of Sedgewick mainly addressing the transition of Range Road 124 North from
 oil to calcium chloride. We asked if there was any possibility of negotiating with the County to
 keep RR 124 North as an oil top surface again being rejected as the County already made their
 decision.
- County's Strategic Plan we expressed our concerns regarding the County's plan to grow only the Towns of Killam and Hardisty. Reeve Kuefler stated that the strategic pathways report would be available soon and other communities were also listed.
- Intermunicipal Development Plan (IDP) we expressed our concerns considering the county abrogated the plan and approved development without the consent of the Town within our future growth areas. Reeve Kuefler advised that the County will be updating their Land Use Bylaw and that 2015 may not be the best time to update the IDP's.

November 27th – Teen Centre Delegate – In attendance with Clr. C. Williams.

- Meeting held with D. Montgomery regarding the potential for a Teen Centre in the Sedgewick Rec Centre.

FIP Clerk

Delegation: Lynne Jenkinson, FFCS

- At present FFCS has no annual increase in their operating budget. They are currently operating from the 2009 budget.
- In 2006 FFCS was grandfathered so funding could not be decreased. However costs are going up and they can't ignore the increases.

The Municipalities would be willing to increase funding, this should be brought up to the board.

- Currently FFCS provides lots of services the public is unaware of:
 - Counselling programs
 - Grief Group
 - Nights Alive
 - F.I.R.S.T
 - **L** Caravan
 - SOS Program (Service Option Seniors)
 - **Early Childhood Development**
 - Mexican Mennonite Program
 - Childcare in Flagstaff

Lynne will send overview of connections.

• The public needs to be educated as to what services are available

- It would be beneficial to have a phone number that would connect directly to FFCS
- The CAOS agreed they would include information in their local newsletter.
- People may have to drive to receive these services, but they need to know they are available in the area.

Need to develop an awareness program.

- There needs to be more dialog between FFCS and the Municipalities, possibly regular meetings.
- Once a year FFCS could present a budget to the CAO Group, then the CAOs could present to council.
- One main difference between F.I.R.S.T is FFCS cannot accept donations, while F.I.R.S.T can.

The CAO Group suggested making a booklet describing the different programs offered by FFCS.

The CAO Group suggested FFCS provide a presentation at the FIP Forum to help make the councillors more aware.

WCB Session

 Forestburg attended a WCB Employer information workshop. They found the session to be highly informative.

Forestburg would like to host a WCB Employer Information Workshop.

SDAB Agreement

- There is a need for new SDAB Members as there are only 3 willing to sit on the board at present.
- Killam has 5 active members who might be willing to serve regionally on the board.
- Killam is currently not included in the SDAB Agreement but may join the agreement. Their next council meeting is Dec 11, 2014.
- The Municipalities need to aggressively find new members.

The FIP Clerk will provide a bullet sheet listing the duties of an SDAB Member and the training available.

FIP Agenda

- There was discussion regarding the FIP Fall Forum. The CAO Group agreed Dec 1, 2014 should just be a regular meeting of FIP.
- The Regional Forum will be a Strategic Planning Session in the Spring.

Workplan Update

- Need to discuss projects at the Fall Forum. The projects need to be prioritized.
- The CAO Group feels Regional Vision will develop out of Regional Governance.
- There was discussion over the intent of the grant application for Regional Governance. The study would provide options for supplying services regionally. There wouldn't be a need for all of the existing boards if they were regional boards.
- Discussion over the possibility of having a speaker from Generative Conversations speak at the next FIP Forum.
- There was discussion regarding Waste Management. The CAO Group feels they should recommend it be removed from the work plan, at the FIP Forum.

The CAO Group feels that as Waste Management has had a Strategic Planning Session, this project is complete.

- Joint tenders will be added to the Public Works agenda on Nov 26, 2014.
- The CAO Group agreed they need someone to manage all of the projects.
- The CAO Group will put the agenda together for Public Works and develop terms of reference.
- The Municipality hosting the Public Works Meeting will chair the meeting.
- Need to develop priorities for public works, round table discussion, networking and workshops.
- Rod is currently working on Health & Safety project.
- The CAO Group asked for clarification of the letter they received. Forestburg no longer wishes to be the managing partner of FIP. Forestburg doesn't feel they have the level of expertise required to meet the requirements of the group.

The CAO Group recommends that FIP discontinues the management agreement with Forestburg.

- There was discussion regarding hiring a contractor to carry out the projects.
- Someone will still need to manage the money, take minutes, prepare the agenda, and do the bank reconciliation.
- Forestburg agreed to continue for a short period of time until a solution could be found.

Review Protocol

- The CAO Group agreed each CAO should review the protocol then let the group know the items that need to be addressed.
- The CAO Group feels the work plan needs to be rearranged. The Steering Committee needs to prioritize the work plan at the next FIP meeting.

Proposed Project Budget

- The budget was presented in different ways; per capita, equalized assessment and equal split.
- Municipalities need to decide if they feel the project is important enough to continue if there is no ACP funding.

The Project Budget will be presented at the next FIP Meeting

Waste Management

- Discussion over the need to minimize transfer stations.
- Municipalities feel they are paying for the service, public works should not have to clean up the mess left when the bins are dumped.
- Discussion over the possibility of having recycling bins at the transfer site.

Request for Decision (RFD)

Topic: Request to Hunt Fur-Bearing Animals

Initiated by: Applicant
Prepared by: Amanda Davis
Attachments: 1. Request form
2. Map & Details

.....

Recommendations:

1. That Council seek comments from the Sedgewick Lake Park Association prior to giving consent to License Holder 525961T to hunt fur-bearing animals.

OR

 That Council authorize License Holder 525961T to trap fur-bearing animals on NE16-44-12 W4M for twelve (12) months effective December 15th, 2014.

OR

3. That Council reject License Holder 525961T's request to hunt fur-bearing animals on NE16-44-12 W4M as the Town endeavors to maintain the natural serenity of Sedgewick Lake Park.

Background:

Administration received a letter from Robert Hope seeking permission to hunt fur bearing animals on Municipal land (Sedgewick Lake Park).

"Long before Alberta became a province, trapping and the development of fur trade was Canada's original economic engine. Today's trappers continue a tradition and livelihood that is linked to our past, and proudly carry on this long standing commercial enterprise.

Trappers have a direct interest in protecting the environment that supports their activity. With sound stewardship from individual trappers and the Alberta Trappers' Association, Alberta has a healthy furbearer population.

Trappers and fur traders in Alberta must conform to very high standards with respect o humane and ethical harvesting. The age-old trade of trapping continues to evolve with the times, and whether you are a new trapper or an experienced old-timer, it is important to keep your skills up-to-date. The Agreement on International Humane Trapping Standards came into effect in Alberta in 1999. Implementation has been an ongoing progress, and this coming year new trappers will be required to complete a trapper education course which deals with humane trapping and fur management.

Robin Campbell, Minister of Environment and Sustainable Resource Development."

We've been advised that the applicant is requesting permission from the Town to trap at the Lake whereby educating and teaching his grandchildren the art of trapping (Hope has received permission from other land owners in the area to trap).

Current:

In the past six (6) years that Town has never received a request to Hunt-Fur Bearing Animals nor can we find any permits prior to 2009.

December 15th, 2014 Regular Council Meeting

B5

The Town of Sedgewick has the authority to permit or reject this request.

Council must determine if they are favorable to allow trapping at Sedgewick Lake and how many permits they would authorize.

Considerations:

1. Consultation with the Lake Board – open communication, is the lake board in favor of allowing trapping at the lake or do they hope to maintain the current environment?

Request for Decision (RFD)

Topic: Joint Quality Management Plan & Joint Safety Codes Services Agreement

Initiated by: QMP Agreement – Regional CAO Group

Prepared by: Amanda Davis/Deb Moffat/Rosemary Hoyland

Attachments: 1. Joint Uniform QMP – *Draft*

2. Safety Codes Services Agreement – Draft

3. Fee Schedule - *Draft*

Recommendations:

 That the Town of Sedgewick enter into a Joint Quality Management Plan for the Building, Electrical, Gas and Plumbing disciplines with the Flagstaff municipalities.

Background:

The Town of Sedgewick is an accredited municipality under the Safety Codes Act. This allows us to issue permits for building, electric, gas, plumbing and fire disciplines. As an accredited municipality we are required to a Quality Management Plan (QMP) approved by Safety Codes Council. Currently we are operating under a Uniform QMP which has been in existence since 2003. This QMP needs to be updated.

As part of the enforcement of a QMP, we are required to have certified Safety Codes Officers on staff or on retainer to issue permits and do inspections. Currently the Town has an agreement with Superior Safety Codes to provide services for the Building, Electrical, Gas and Plumbing disciplines. The fire discipline is covered by our own regional fire inspectors. The majority of municipalities use Superior Safety Codes and it is felt that having a regional agreement will ensure continuity in our area as well as potentially reducing the work load on each individual municipality, as we will ultimately be able to appoint one municipality as the managing partner who would be able to develop a level of expertise on permitting procedures due to the number of permits being issued.

Rosemary Hoyland, Development Officer for Flagstaff County, has been working with Safety Codes Council to develop a new Uniform QMP and regional Service Agreement for permitting services. Before these agreements can be reviewed Safety Codes Council and the regional CAO's, we are required to pass a motion to enter into a Joint Quality Management Plan and a Joint Safety Codes Services Agreement.

Current:

Please see attached the proposed agreements.

An SCO, when accepting a verification of compliance, will document the information to the permit file including:

When a SCO is unable to gain entry to a site for a required inspection, the SCO will leave a notification onsite in a visible location, or forward notification to the Owner or permit applicant (as appropriate), advising of the inspection attempt and requesting that the Municipality be contacted to arrange for the site inspection.

If the Municipality does not receive a response within 30 days of notification, the Municipality will mail the Owner or permit applicant (as appropriate), a second notification requesting that the Municipality be contacted within 30 days to arrange for a site inspection.

If the Municipality is not contacted within 30 days of the second notification, the inspection stage may be considered a "no-entry" and counted as the required interim or final inspection.

Permit Services Report

The Municipality will issue a Permit Services Report:

- within 30 days of completing the compliance monitoring services as required in this UQMP (completion of compliance monitoring services means; after the final or only required inspection, after acceptance of a verification of compliance in lieu of an inspection when permitted, or after compliance with the no-entry policy with respect to the final or only required inspection),
- to the Owner (the Owner, for the purposes of this UQMP means, in order of preference; the Owner of the project at the time the permit was purchased, at the time the compliance monitoring services were provided, or at the time the Permit Services Report was issued).

The Municipality will not issue a Permit Services Report or close a file if there is an unsafe condition, until such time as the unsafe condition is corrected.

The Municipality will, for administrative purposes, consider the file closed when the Permit Services Report is issued, however:

- will reactivate the file if any further activity related to the permit is initiated within 30 days, and
- may reactivate the file at any time.

Topic: Sedgewick Killam Natural Gas' (SKNGS) 2015 Proposed Budget

Initiated by: SKNGS

Prepared by: Town of Killam

Attachments: 1. SKNGS 2015 Proposed Budget

.....

Recommendations:

1. That Council approve the 2015 SKNGS budget as presented.

Background:

On December 3rd, 2014 the SKNGS Board set their annual operating budget for 2015.

A MOTION was made to increase the monthly gas meter charge from \$16/month to \$20/month with \$2.00 being paid to SKNGS for future capital reserves.

Current:

With the \$4.00 increase in monthly gas meter charges we've proposed that the Town of Sedgewick allocate our \$2.00 charge to a reserve account for capital GAS system reserves.

To date, the Town does not put an annual amount into a gas reserve account for capital upgrades and repairs.

The \$2.00 charge will garner \$11,496 profit for our reserve account.

Current TOS Gas Reserve balance: \$48,758 (*note, this reserve allocation is being allocated to the cost of the residential subdivision).

Topic: Town of Sedgewick Municipal Waste Budget - 2015

Initiated by: Administration Prepared by: Amanda Davis

Attachments: 1. Town of Sedgewick's 2015 Proposed Budget

Recommendation:

That Council approve the municipal waste budget as presented.

Background:

In 2012 FRSWMA requisitioned a 60% increase to member municipalities. This was caused from mis management and operating in a deficit for many years.

The 60% increase still did not make waste collection for member municipalities cost recovery. Waste collection was/is being subsided by profitable cost centers such as asbestos and bin rentals. Over the past few years, there have been major changes with regards to operations:

- Transfer Sites A three year study is being conducted with regards to the use and status of the twelve (12) transfer sites. Today, transfer sites cost members \$313,689 to operate. The Sedgewick Transfer Site is only open on Thursdays from 1-4:30 PM In 2014 FRSWMA reported 88 users. Our portion of the requisition is \$25,449 (\$289.20 per user) not to mention transfer site fees paid by the user. Please see the Stats attached.
- 2. Reduction in allowable bags Five (5) per household to four (4)
- 3. Increasing recycling

Garbage Rates (cost recovery as per our requisition for the Town)

2014	27.00/month	324.00	27.00/month	324.00

At the October 27th, 2014 FRSWMA Board Meeting the 2015 Budget was approved with a total requisition of \$1,195,000.00 to members municipalities. This is a 5.25% increase for the Town of Sedgewick.

2014 - \$124,830.43 2014 - \$131,387.05

	Residential	Non-Residential	Annum.
2015	27.50	27.50	330.00

Council rejected the FRSWMA during our November 6th, 2014 special budget meeting. Quorum has been reached at Waste Management and the 2015 operating budget will be passed with a 5.25% increase.

Current:

Council must set a fee for waste collection. As discussed during our November 6th, 2014 budget meeting Sedgewick could put a minimal riser on our monthly collection charge and allocate a portion of the funds to a reserve account in an attempt to mitigate substantial increases in the future (see attached).

Requisition cost recovery rate = \$27.50/month (increase of 1.85%)

Proposed rate = \$28.50/month (5.86% increase) whereby allocating \$4,836 to a waste reserve account.
