#### REVIEW ENGAGEMENT REPORT

To the Members and Directors of Sedgewick Agricultural Recreation Centre:

I have reviewed the statements of financial position of Sedgewick Agricultural Recreation Centre as at August 31, 2017 and the statement of operations and fund balance, and cash flow for the year then ended. My review was made in accordance with Canadian general accepted standards for review engagements and accordingly consisted primarily of inquiry, analytical procedures, and discussion related to information supplied to me by the organization.

A review does not constitute an audit and consequently, I do not express an audit opinion on these financial statements.

Based on my review, nothing has come to my attention that causes me to believe that these financial statements are not, in all material respects, in accordance with Canadian accounting standards for not-for-profit organizations.

### SEDGEWICK AGRICULTURAL RECREATION CENTRE NOTES TO THE FINANCIAL STATEMENTS

(Unaudited)

#### 1. PURPOSE OF THE ORGANIZATION

The Sedgewick Agricultural Recreation Centre is a non-profit organization formed under the Societies Act of Alberta. The organization assists in the operation of the Sedgewick Recreation Centre. The society is exempt for income tax purposes for income tax purposes under Section 149(1) of the Income Tax Act (Canada).

#### 2. SIGNIFICANT ACCOUNTING POLICIES

The financial statements were prepared in accordance with Canadian accounting standards for not-for-profit organizations in Part III of the CPA Canada Handbook and include the following significant accounting policies:

#### (a) Fund accounting

The General Fund accounts for current operations and programs as well as the organization's general operations. Unrestricted contributions (donations and grants) and restricted contributions to be used for operations are reported in this fund.

#### (b) Recognition of contributions

The organization follows the restricted fund method whereby externally restricted contributions (grants and donations) are recognized in the fund corresponding to the purpose for which they were contributed. Unrestricted contributions are recognized as revenues in the General Fund.

Because of the uncertainty surrounding the collectability of grants, the organization recognizes them when they are received.

#### (c) Contributed services

The organization would not be able to carry out its activities without the services of the many volunteers who donate a considerable amount of number of hours. Because of the difficulty in compiling these hours, contributed services are not recognized in these financial statements.

#### (d) Recognition of other revenues

The revenues from the recreation centre are recognized at the time of sale and those from fundraising activities when such activities are held.

#### (e) Capital assets

Capital assets are recorded as expenditures in the year of acquisition. The expenditure is recognized in the general fund, allocated to the specific division for which the asset is purchased.

#### (f) Financial instruments

The organization initially measures its financial assets and financial liabilities at fair value. The organization subsequently measures all its financial assets and financial liabilities at amortized cost

Financial assets measured at amortized cost include cash and trade receivables.

Financial liabilities measured at amortized cost include accounts payable and accrued liabilities.

#### (g) Allocation of common expenses

Sedgewick Agricultural Recreation Centre allocates utilities by division:

- utilities are prorated based on a percentage of estimated use determined by the board of directors.

#### 3. CAPITAL EXPENDITURES

TOWN OF SEDGEWICK
MAYOR
CHIEF ADMINISTRATIVE OFFICER

#### **REQUEST FOR DECISION**

JANUARY 18<sup>TH</sup> 2017 ELECTRONIC MESSAGING SIGN

#### **ELECTRONIC MESSAGING SIGN**

#### **EXECUTIVE SUMMARY**

At the December 7<sup>th</sup> Strategic Priorities meeting, Council directed administration to look further into the costs of installing an electronic messaging sign near Highway 13, but within corporate Town limits.

#### **BACKGROUND**

Council was informed at the September 21<sup>st</sup>, 2017 Council Meeting that Alberta Transportation does not permit the attachment of electronic signs to Welcome Signs and does not allow electronic message signs within the development control zone of rural provincial highways. The Town of Sedgewick sign is located predominantly within the provincial right-of-way.

The cost of two 7' x 2.5' single color electronic LED signs (one for each direction) is approximately \$10,000.

Administration has received a quote for the installation of a 25' tall pylon sign that would house the electronic sign for \$30,000. This estimate includes Line locating, first calls, hydrovac, installing piles, cut and cap, building sign posts, sign frame, painting and installation.

The pylon sign would be placed several feet to the north of the Welcome Sign and would require permission from the property owner to install there.

An additional option would be to add three light boxes beneath the electronic portion of the sign of approximately 2' in height each that could be sold to local businesses in the form of advertising that could help with the cost of building the pylon sign.

#### Considerations:

- Is there a better place to install the sign?
- Are the proposed dimensions adequate?
- Single Color, multi color, graphics, video?
- Should advertising panels be added to the sign?
- If Council would like to move forward, where will funding for the sign come from?

#### **BUDGET IMPLICATIONS**

\$44000 from capital reserves

#### **REQUEST FOR DECISION**

JANUARY 18<sup>TH</sup> 2017 ELECTRONIC MESSAGING SIGN

#### **A**LTERNATIVES

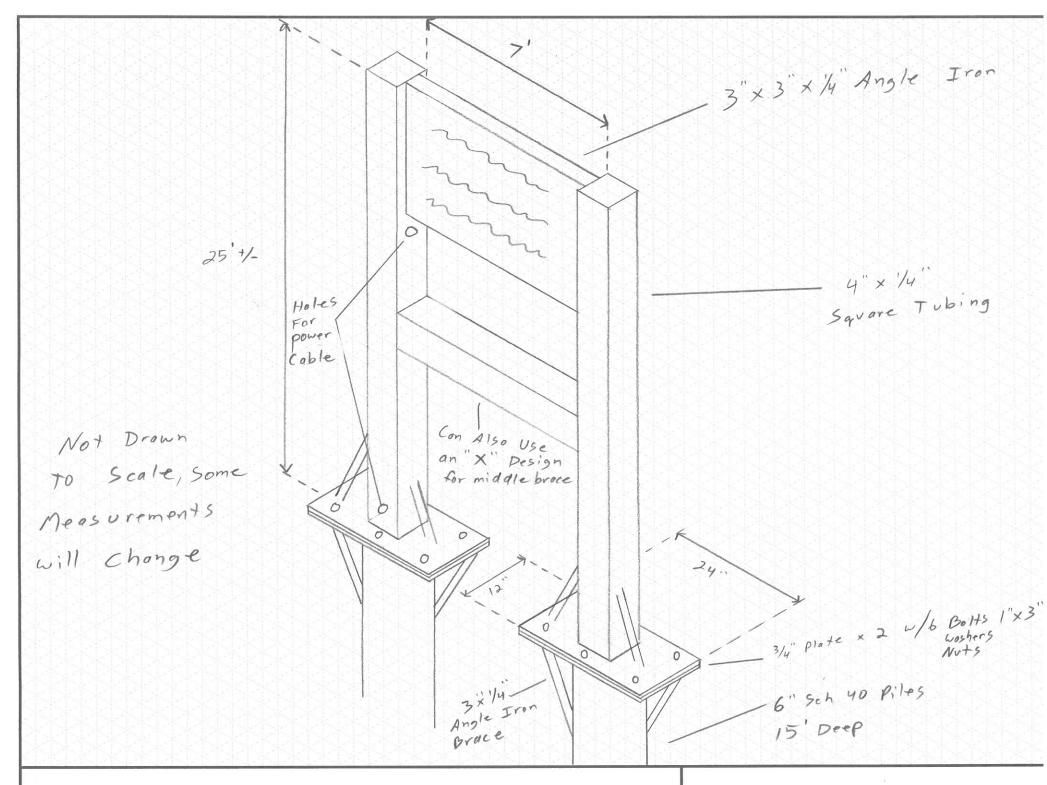

- 1. Council may approve the addition of an electronic sign to the 2018 capital budget at an amount of \$40,000 plus \$4000 in contingency to be taken out of capital reserves.
- 2. Council may approve the addition of an electronic sign to the 2018 capital budget at a different amount to be taken out of capital reserves.
- 3. Council may direct administration to bring back to Council further information regarding the electronic sign.
- 4. Council may accept the above as information.

#### RECOMMENDATION

1. That Council approve the addition of an electronic sign to the 2018 capital budget at an amount of \$40,000 plus \$4000 in contingency to be taken out of capital reserves.

#### **REQUEST FOR DECISION**

January 18 $^{\text{TH}}$ , 2017 Application for Development Permit #2017-13

#### **APPLICATION FOR DEVELOPMENT PERMIT #2017-13**

#### **EXECUTIVE SUMMARY**

The Town of Sedgewick has received an application for Development Permit from Sedgewick Building Supplies.

#### **BACKGROUND**

On December 29<sup>th</sup>, 2017 the owner of 732 1137297 Alberta Ltd. (Sedgewick Building Supplies) submitted a Development Permit application to construct a cold storage building at SW09-44-12W4.

The parcel is zoned as Direct Control "DC" district. The purpose of DC district is to provide for developments that due to their unique characteristics, innovative ideas or because of unusual site constraints, require specific regulations unavailable in other land use districts.

All uses within DC districts are subject to approval by Council upon a review of the merits of the proposal, land use planning considerations and must conform to the Municipal Development Plan.

In making their decision, Council may refer to other sections of the Land Use Bylaw to determine requirements for specific types of proposed land uses.

For example, the cold storage building would be considered a discretionary use within either the Commercial Central District or Light Industrial Business district. The proposed building meets all setback and height requirements of either of these districts and administration would find no reason to refuse the application.

In making a decision based on discretionary use, Council:

- 1) may approve the application based on the merits of the application,
- 2) may refuse the application even though it meets the requirements of the LUB, or
- 3) must refuse the application if it does not conform to the LUB.

The application conforms to the LUB. A permit does not come into effect until 14 days after the date the approval is posted or published in the newspaper.

#### Council

Sedgewick if governed by an elected Council composed of four councillors and one mayor. The term of Council is from October 2017 to October 2021.

#### **Vision and Mission Statements**

After reviewing the 2016 Strategic Plan and current vision, mission and value statements, Council decided to adopt new statements that more closely reflected the current Council's beliefs.

Collectively, Sedgewick Town Council believes the secret to a successful community in the long term is quality of life. Council feels a critical component to their success over the next four years will be to focus on quality of life issues to the benefit of current and future residents. By treating this concept as the blueprint of the community it will aid their decision making and lead to a productive term.

#### **Vision Statement**

Quality of Life.... at every stage of life!

#### **Mission Statement**

To preserve and enhance our resident's collective quality of life by making Sedgewick a desirable and safe place in which to live, work, shop, study, play, raise a family and grow old.

We are a progressive community poised for growth!

With these statements, Council will be reminded of their objective and how it will lead to their goal of growth. It is Council's intention to be progressive and open to new ideas while challenging historical ones. In doing so, those that choose to call Sedgewick home will benefit from a desirable lifestyle as they move through life's stages.

#### **Keys to Success**

In order to achieve the organization's new mission, Council decided that it was important to adopt action verbs that would be their keys to success.

Council is determined to keep the following goals at the forefront over the course of their term.

ADVOCATING for the *quality of life* of our residents

CONNECTING with neighbours when opportunity exists to improve *quality of life* 

DELIVERING a fiscally responsible level of service that ensures *quality of life* 

**ENABLING** the volunteer sector in making contributions to our *quality of life* 

INVITING others to share in our *quality of life* 

GROWING as a community so future generations can enjoy a similar *quality of life* 

Committing to these statements will help Council achieve their vision for our community.

#### **Strategic Objectives (1-3)**

From their wish list, Council prioritized the following as their most immediate goals to be achieved during their term.

### 1. Sewer/Water Infrastructure Replacement

Approximately 1/3<sup>rd</sup> of the Town of Sedgewick's sanitary sewer and water main lines remain to be replaced. As Council views this as a critical health and safety issue, they have placed the issue as their number 1 priority with the project commencing in 2018. This would include infrastructure under 48<sup>th</sup>, 49<sup>th</sup> and 50<sup>th</sup> Streets and 48<sup>th</sup> Avenue.

#### 2. Main Street Revitalization

As their second priority, Council is determined to perform a makeover of 47th Street. Design will commence in early 2018 with stakeholders consulted shortly after.

#### 3. Subdivision – Phase I

To spur growth, Council feels that a selection of new lots is needed where newcomers to our community can build the home of their dreams. The subdivision will be located north of Bluejay Crescent with phase I consisting of up to 20 generously-sized lots.

#### **Strategic Objectives (3-6)**

#### 4. Support Recreation and Volunteers

Council sees our abundance of recreational amenities as a key driver to the success and growth of our community. Council will attempt to put in place measures aimed at taking advantage of current amenities and offering increased support to our volunteer and non-profit communities.

### 5. Installation of Electrical Messaging Sign

LED signs have become common in surrounding communities and have decreased in cost in recent years. An LED sign on Highway 13 will attract commuters to take advantage of Sedgewick events and create a busier commercial center.

## 6. Market the Naming Rights for the Sedgewick Recreation Centre

The Sedgewick Recreation Centre is a multi-use facility that Council feels is an important draw to our community. Taking advantage of corporate naming rights will help fund maintenance and repairs in coming years.

#### **REQUEST FOR DECISION**

JANUARY 18<sup>TH</sup>, 2017 RECREATION CENTRE NAMING RIGHTS

#### **RECREATION CENTRE NAMING RIGHTS**

#### **EXECUTIVE SUMMARY**

At the Strategic Planning session held on December 7<sup>th</sup>, 2017, Council identified securing corporate naming rights for the rec centre as Strategic Priority #6.

#### **BACKGROUND**

Administration has prepared a Request for Proposal (RFP) for the naming rights of the Sedgewick Recreation Centre located at 5301 51<sup>st</sup> Avenue. Following are key points of the RFP:

RFP out to public
Deadline for Submissions
Proposed Official Name Dedication
Minimum Term of Contract

Before February 1<sup>st</sup>, 2018 March 9<sup>th</sup>, 2018 July 1<sup>st</sup>, 2018 10 years

The naming rights package calls for name and logo identification in all official arena-related references made by the Town including media correspondence, advertising (including print and any LED signage) and website/social media sites.

Options for physical signage include the exterior south wall, and the south, north and west entrances. Interior signage would be inclusive of within the main concourse and within the arena.

Council should consider whether any stakeholder consultation would be necessary prior to the RFP going public and what the expectation is for the current name of "Sedgewick Recreational Centre" including the mural on the south wall.

#### **BUDGET IMPLICATIONS**

Revenue dependent on proposals.

#### **ALTERNATIVES**

- 1. Council may approve issuing a Request for Proposal, as presented for the naming rights of the Sedgewick Recreation Centre.
- 2. Council may decide not to approve issuing a Request for Proposal, as presented for the naming rights of the Sedgewick Recreation Centre.
- 3. Council may approve issuing a Request for Proposal, with amendments for the naming rights of the Sedgewick Recreation Centre.

JANUARY 18<sup>TH</sup>, 2017 BOULEVARD BYLAW

#### BYLAW 537/18 – TOWN OF SEDGEWICK BOULEVARD BYLAW

#### **EXECUTIVE SUMMARY**

A *Boulevard Bylaw* regarding maintenance responsibilities of Town boulevards with emphasis on boulevard trees has been prepared by administration for review by Council.

#### **BACKGROUND**

The Town currently has a policy (Policy F.2.c) in place that names the adjacent property owner as responsible for the landscaping and weed control within boulevards, back alleys and side-yard perimeters. The policy dictates the Town to be responsible for the repair of sidewalks and fire hydrants.

There are two issues with the current policy that require attention:

- 1) Policies are for the purpose of the Town imposing duties upon itself and do not carry authority in regards to the behaviour of the public as it is not legislation. For this, a bylaw is required.
- 2) The current policy fails to address boulevard trees. Maintenance of boulevard trees is a common complaint of the public and administration is seeking direction from Council on how to deal with these complaints.

The Boulevard Bylaw supports the current policy by continuing to place the responsibility of grass cutting and weed control upon the adjacent property owner.

In regards to trees, the Bylaw restricts the planting, pruning or removal of trees on boulevards by anyone other than the Town. Trees that qualify for pruning or removal by the Town and at the Town's expense include the following:

- Dead or diseased
- Safety hazard to the public
- Interfere with pedestrians or traffic
- Interfere with road signage
- Interfere with lines, poles, etc. or other works of the municipality

Under the proposed Bylaw, adjacent property owners may make application to the Town to remove or prune a tree with the decision rendered by the CAO. The removal of healthy trees would be avoided except under extenuating circumstances which would be at the discretion of the CAO. If approved, the removal or pruning of the tree would be at the owner's expense unless meeting any of the above criteria.

If an application is denied, there would be an appeal procedure where Town Council would make the final decision.

JAN. 18<sup>TH</sup>, 2018
COUNCIL CONFERENCE TABLE

#### **COUNCIL CONFERENCE TABLE**

#### **EXECUTIVE SUMMARY**

During the budget process, Council showed interest in designing a new custom meeting table/desk.

#### **BACKGROUND**

Administration has been working with a local contractor on the design of a new Council Chambers conference table. The purpose of a new table was to modernize Council Chambers and to free up floor space for delegations and visitors to Council. Also a large table was no longer required due to the number of councillors being reduced from 7 to 5.

Due to the narrow width of the room there are some definite limitations for a desk that is attempting to go beyond being a standard table. After some initial design and conversations, it was felt that changing the orientation of Council Chambers was the most practical way of installing a desk with a more 'corporate' feel.

The attached design shows a 5-sided desk with a built in shelf/ledge at the front of the desk counter which would house electrical outlets for laptops and give room for storage. An ancillary desk would be built for staff that would sit separate from the Council desk. A removable bridge (desk top) would connect the staff desk with the Council desk when more counter space is needed by staff.

The finishing materials selected for Council to consider are light maple panelling for the face of the desk and black laminate for the top counter and shelf. It is thought that this will brighten the room and add a sophisticated look.

Administration is looking for direction from Council if the design to this point is satisfactory or if there are other considerations.

#### **BUDGET IMPLICATIONS**

Approximately \$6000 plus electrical. \$5000 to be contributed from MSI Operating.

#### **A**LTERNATIVES

- 1. Council may approve the design of the Council Chambers conference table as presented.
- 2. Council may direct administration as to modifications or a different design for the Council Chambers conference table.

### DEPARTMENTAL REPORT TO COUNCIL

MEETING DATE: JAN. 18, 2017 **DEPARTMENT:** PUBLIC WORKS

Lack of new snow has allowed us to catch up on a number of projects in the lift station and waterplant.

Year end reporting and water sampling have been completed.

With the Christmas season coming to a close we will be taking down the decorations and putting up banners.

- Rebuilt pump #2 in lift station, has increased efficiency considerably.
- Replaced two flight bulbs (level controlers) at the lift station. Everything is operating properly and we have not received any more alarms.
- Repaired hole in the northwest corner of the Hall, we will have to wait until rainy season to see if we were successful.
- Completed annual water reports for environment.
- Did semi-annual water sampling to be sent to University Hospital.
- Had a water break at Pat Whiteheads trailer court, the 2" meter froze and cracked flooding the lot and street. We replaced the cracked meter with an old one we had because we could not get the curbstop shut off, we will address that issue in the spring.
- Had Associated Engineering and Bio Systems into the waterplant to do an evaluation for the SCADA system to see what we need.
- We dug a grave for Jim Schuurmans funeral. The ground was frozen so we did have to burn the afternoon before.
- Removed the snow in all of the alleys before garbage pick-up.
- We've had to clean the roads out to the lagoons, they were drifted in pretty bad around the lake.

- Between us and Hal Sparrow we have been able to keep up with keeping the walking trails clean, a number of people have commented on how pleased they are that they can use them.
- On Jan. 16 we are hoping to turn off and remove Christmas lights and decorations and take the tree down from the main street park.
- We will also be re-mounting our main street banners hopefully the same day if not the next.
- On Jan/17 or 18 we will be doing well draw downs to check pumping and static levels of our aquafer.
- We might be replacing the water meter at #18 Canary Crescent, the problem is inside the house.
- We still need to take apart the UV reactors to inspect the tubes and clean the bulbs in the WTP, that should be done by the end of this week or the beginning of the
- We will be cleaning up and painting the floors in the lift station and water plant.

Dear Mayor Robinson:

It was a pleasure to connect with municipal leaders in November at the Alberta Association of Municipal Districts and Counties and the Alberta Urban Municipalities Association conventions.

Many municipalities indicated they had questions about phase two of the federal government's Investing in Canada Infrastructure Plan (ICIP). I committed to providing a fact sheet to all municipalities on what the Government of Alberta currently knows about ICIP funding and related processes.

I am pleased to provide you with a fact sheet about the Investing in Canada Infrastructure Plan. If you have questions about the Investing in Canada Infrastructure Plan, please submit them by email to Alberta.ICIP@gov.ab.ca.

I look forward to continuing our work on issues that are of importance to your community and Alberta.

To:Perry Robinson <a href="mailto:probinson@sedgewick.ca">probinson@sedgewick.ca</a>

Hey, Perry, I'm writing as a member of the Nazarene church now. We are having our 100th anniversary in May. I'm on the outreach committee for this project. We want to give the community a gift of some service project or something. We were tossing around some ideas. One suggestion we came up with was to donate a gazebo situated on the walking path somewhere, a quiet place for contemplation and prayer. Would that be something the community would appreciate?

Is there anything else you could come up with, some project that needs doing? I personally like the gazebo idea, but I said I'd check with you.

Thanks!
